

Vanderbilt Area School

The mission of the Vanderbilt Area School is to graduate respectful, responsible, lifelong learners empowered to meet future challenges.

Schools of Choice Information

Schools of Choice programs provide students with additional enrollment opportunities, which range from allowing students to determine which school within the resident district they will enroll, to allowing non-resident students to enroll in a district other than their own.

Participation in choice programs is optional for districts. The degree and extent of participation are determined at the local level, including details such as application and enrollment dates, and which building, grades or programs will be accepting enrollment under a choice program. Interested parties will need to contact districts directly for detailed information regarding their program.

Vanderbilt Area School - Schools of Choice

Please fill out the following information and application if you are interested in enrolling your student at Vanderbilt Area School through Schools of Choice. Please note, VAS does participate in Schools of Choice, but acceptance is contingent upon availability.
